

# Harmonization of neuropathological diagnostics of neurodegenerative disorders, a practical approach

**Time:** 11 – 13 September 2009

**Place:** Uppsala University, Uppsala Sweden  
Department of Genetics and Pathology,  
Rudbeck Laboratory (Dag Hammarskölds street 20)  
Building C11 / Rudbecks sal)

**Organizers:** BrainNet-Europe and EURO-CNS

## Friday 11 of September

13.00 – 13.15	Welcome and practical information	Irina Alafuzoff
<i>Secondary tauopathies, i.e Alzheimer's disease</i>		
13.15 – 13.45	Assessment of neurofibril degeneration	Thomas Arzberger
13.45 – 14.15	Assessment of plaques	Dietmar Thal
14.15 – 14.45	Assessment of amyloid angiopathy	Attems Johannes
14.45 – 15.00	Short coffee break	
15.00 – 15.45	What does a basic scientist expect from a NPst	John Hardy
15.45 – 17.15	Individual assessment of cases, refreshments served supported by BNE members	
17.15 – 19.00	Joint assessment of AD cases 3 multi-headed microscopes (10 + 10 + 5) run by Thomas Arzberger Irina Alafuzoff Dietmar Thal	
19.30- 22.00	Get together around a barbeque	

## Saturday 12 of September

### *Primary tauopathies*

9.00 – 9.45	Pathology in PSP and CBD	Tamas Revesz
9.45 – 10.15	Pathology of Picks' disease and sporadic tauopathy with globular glial inclusions	Gabor Kovacs
10.15 – 10.45	Pathology in AgD	Gabor Kovacs
10.45 – 12.15	Individual assessment of cases, refreshments served supported by BNE members	
12.15 – 13.00	Lunch	
13.00 - 14.30	Joint assessment of tauopathy cases 3 multi-headed microscopes run by Tamas Revesz Gabor Kovacs Irina Alafuzoff	

## *Synucleinopathies*

14.30 – 15.00	Pathology in DLB and PD	Irina Alafuzoff
15.00 – 15.30	Pathology in MSA	Janice Holton
15.30 - 16.00	Concomitant pathologies tau + beta+syn+TDP43+....	Gabor Kovacs
16.00 – 16.45	What does a clinician expect from NPst	Agneta Nordberg
16.45 – 18.15	Individual assessment of cases, refreshments served supported by BNE members	
18.15 – 19.30	Joint assessment of synuclein cases 3 multi-headed microscopes run by Irina Alafuzoff Paul Ince Gabor Kovacs	
20 .00 – 22.00	Dinner	

## **Sunday 13 of September**

9.00 – 9.45	Assessment of FTLD-TDP43 pathology	Irina Alafuzoff
9.45 – 10.15	Assessment of pathology in ALS	Paul Ince
10.15 – 10.45	Assessment of prion-pathology	Herbert Budka
10.45 – 12.00	Individual assessment of cases, refreshments served supported by BNE members	
12.00 – 13.00	Lunch	
13.00 – 14.30	Joint assessment of FTLD, ALS and prion cases 3 multi-headed microscopes run by Herbert Budka Paul Ince Irina Alafuzoff	
14.30 – 15.00	Some comments regarding methodologies applied in neuropathology	Irina Alafuzoff
	Concluding remarks
