

**4TH SOCIETIES OF HUNGARIAN and AUSTRIAN NEUROPATHOLOGISTS
CONFERENCE (SHANC-4)**

Organized by the **Hungarian Society of Neuropathology (MNPT)** and the
Austrian Society of Neuropathology (ÖGNP)

Venue: 1014 Budapest, Országház utca 14

PROGRAMME

Monday, SEPTEMBER 11th, 2017

**13:00-14:00 Registration
Light lunch & Refreshments**

14:00-14:05 Greetings and opening of the meeting
Tibor Hortobágyi, Johannes Hainfellner, Gabor G. Kovacs

14:05-15:10 Case reports I (Autopsy)
(12+5 min) Chairperson: Gabor G. Kovacs, Levente Szalárdy

1. Levente Szalárdy, Dénes Zádori, Zita Reisz, László Vécsei, Péter Klivényi, Gábor G. Kovács (Szeged, Vienna): *A fulminant steroid-non-responsive case of cerebral amyloid angiopathy-related inflammation (CAA-RI)*
2. Ellen Gelpi*, Cristina Carrato*, Laia Grau-López, Juan Luis Becerra, Garcia-Armengol Roser, Anna Massuet, Laura Cervera, Jordi Clarimon, Katrin Beyer, Ramiro Álvarez (Barcelona): *Unexpected biopsy findings in a 37-year old woman with epilepsy*
3. Gabor G. Kovacs, Kwong LK, Grossman M, Irwin DJ, Lee EB, Robinson JL, Suh E, Van Deerlin VM, Lee VM, Trojanowski JQ (Vienna, Philadelphia): *Tauopathy with hippocampal 4-repeat tau immunoreactive spherical inclusions: a report of three cases*
4. Ellen Gelpi, Teresa Botta, Laia Brodi, Javier Pagonabarraga, Esteban Muñoz, Gian-Gaetano Tartaglia, Montserrat Milà (Barcelona): *Neuronal intranuclear inclusion disease and fragile-X-associated tremor/ataxia syndrome: a morphological and molecular dilemma*

15:10-15:40 Coffee Break

15:40 -17:00 Research reports I
(15+5 min) Chairperson: Beata Sikorska, Boris Rogelj

1. Boris Rogelj (Ljubljana): *RNA foci from ALS/FTD-associated C9orf72 mutation form paraspeckle-like structures*
2. Bernadette Kalman (Szombathely & Pécs): *Neurodegeneration with Brain Iron Accumulation: a genetically heterogeneous group of disorders explored by an international consortium*
3. Beata Sikorska (Lodz): *3D reconstruction of neuronal inclusions in atypical MSA*
4. Adam Nagy, Ferenc Garzuly, Bernadette Kalman (Szombathely & Pécs): *Molecular classification of glioblastoma*

17:00-17:20 Tea Break

17:20-18:10 Case reports II (Surgicals)
(12+5 min) Chairperson: Johannes Hainfellner, Lucie Tuckova

1. Thomas Roetzer (Vienna): *Divergent lineage glioma*
2. Petra Görög, Bernadette Kálmán (Szombathely & Pécs): *Schwannomatosis*
3. Adelheid Wöhrer, Johannes Hainfellner (Vienna): *Epigenomic profiling of glioblastoma through treatment and progression*

18:30 - Societies Evening with Dinner (Venue to be confirmed)

**4TH SOCIETIES OF HUNGARIAN and AUSTRIAN NEUROPATHOLOGISTS
CONFERENCE (SHANC-4)**

Organized by the **Hungarian Society of Neuropathology (MNPT)** and the
Austrian Society of Neuropathology (ÖGNP)

Tuesday, SEPTEMBER 12th, 2017

8:15 - 9:00 **General assembly of the Hungarian Neuropathological Society (MNPT)**

9.00 -10:00 Update Talks
(15+5 min) *Chairpersons: Johannes Attems, Pawel Liberski*

1. Zoltan Hanzely (Glasgow): *Modern neuropathology*
2. Johannes Attems (Newcastle): *Updating the Newcastle Criteria for Lewy body disease*
3. Pawel Liberski (Lodz): *Neuropathology of chronic wasting disease*

10:00 -10:25 **Coffee Break**

10:25-11:50 **Case reports III (Neuromuscular & Autopsy)**
(12+5 min) *Chairpersons: Endre Pál, Ellen Gelpi*

1. Endre Pál (Pécs): *Neuromuscular case report*
2. Tibor Hortobágyi (Debrecen): *Neuromuscular case reports*
3. Anikó Gál, Shamim Naghdi, David Weaver, Maria Judit Molnar, György Hajnóczky (Philadelphia, PA,, Budapest): *Altered mitochondrial dynamics due to DNM2 mutations*
4. Balázs Tolvaj, Zsuzsanna Nagy, Árpád Vadvári, Ferenc Garzuly (Szombathely): *Lethal „myelitis” - intravascular lymphoma*
5. Katalin Somogyi, Gábor Bierer, Árpád Vadvári, Éva Schaffer, Ferenc Garzuly (Szombathely): *Cerebral malaria*

11:50 -12:30 **Light lunch**

12:30 -13:55 **Research reports II**
(12+5 min) *Chairpersons: Dave Bandke, Balázs Murnyák*

1. Vera Zupunski (Ljubljana): *Nuclear transport of FUS in ALS and FTL D*
2. László Havas (Tatabánya): *The Birth of the National Institute of Psychiatry - Focusing on the Austrian-Hungarian origins, 1862-1868*
3. Balázs Murnyák, Mahan Kouhsari, Rotem Hershkovits, Tibor Hortobágyi (Debrecen): *Molecular signature of PARP1 in glioblastoma subtypes*
4. Dave Bandke (Linz), Adelheid Wöhrer (Vienna), Serge Weis (Linz), Johannes A. Hainfellner (Vienna): *Real-life translation of diagnostic biomarker testing in diffuse glioma from one to the next WHO classification*
5. János Bencze, Balázs Murnyák, Tibor Hortobágyi (Debrecen): *Immunohistochemical correlates of TP53 somatic mutations in brain tumours*

13:55 -14:00 **Closing Remarks**
Johannes Hainfellner, Gabor G. Kovacs, Tibor Hortobágyi

14:00-14:30 **Tea, Coffee, Snacks & Farewell**
