

# Euro-CNS CME Course

## Muscle & Peripheral Nerve Pathology

Institut für Neuropathologie, Chariteplatz 1  
Berlin, Germany  
25-27 September 2019

### Wednesday, September 25th

|             |   |                    |
|-------------|---|--------------------|
| 08:30-09:00 | Registration                                  |                    |
| 09:00-09:05 | Introduction                                  | Prof. W. Stenzel   |
| 09:05-09:45 | General symptomatology                        | Prof. M. de Visser |
| 09:45-10:30 | General muscle pathology                      | Prof. H.-H. Goebel |
| 10:30-10:45 | Coffee break                                  |                    |
| 10:45-11:30 | Slide session                                 | All                |
| 11:30-12:15 | Molecular diagnosis of neuromuscular diseases | Prof. M. Schülke   |
| 12:15-13:00 | Muscular dystrophies                          | Dr. R. Phadke      |
| 13:00-14:00 | Lunch   |                    |
| 14:00-14:45 | Next generation sequencing in NMDs            | Prof. M. Schülke   |
| 14:45-15:30 | DNA repeat disorders of muscle                | Prof. B. Schoser   |
| 15:30-15:45 | Coffee break                                  |                    |
| 15:45-16:30 | Slide session                                 |                    |
| 16:30-17:15 | Mitochondrial Myopathies                      | Prof. A. Oldfors   |
| 17:15-open  | Slide session                                 |                    |

### Thursday, September 26th

|             |  |                    |
|-------------|--|--------------------|
| 09:00-09:45 | Motor end plate disorders              | Prof. J. Sieb      |
| 09:45-10:30 | Classical Inflammatory Myopathies      | Prof. W. Stenzel   |
| 10:30-10:45 | Coffee break                           |                    |
| 10:45-11:30 | Slide session                          | All                |
| 11:30-12:15 | Congenital Myopathies                  | Prof. K. Claeys    |
| 12:15-13:00 | Myofibrillar and Distal Myopathies     | Prof. R. Schröder  |
| 13:00-14:00 | Lunch                                  |                    |
| 14:00-14:45 | Muscle Pathology in rheumatic diseases | Prof. W. Stenzel   |
| 14:45-15:30 | Toxic Myopathies                       | Prof. E. Aronica   |
| 15:30-15:45 | Coffee break                           |                    |
| 15:45-16:30 | Slide session                          |                    |
| 16:30-17:00 | Metabolic myopathies                   | Prof. H.-H. Goebel |
| 17:00       | Slide session                          |                    |

Dinner

### Friday, September 27th

|             |   |                  |
|-------------|---|------------------|
| 09:00-09:45 | Sural nerve biopsy and basic patterns of PNS damage | Prof. J. Weis    |
| 09:45-10:30 | Hereditary Neuropathies                             | Prof. J. Weis    |
| 10:30-10:45 | Coffee break  |                  |
| 10:45-11:30 | Slide session                                       | All              |
| 11:30-12:15 | Inflammatory Neuropathies                           | Prof. M. Lammens |
| 12:15-13:00 | Amyloid and Toxic Neuropathies                      | Prof. M. Lammens |
| 13:00-14:00 | Lunch   |                  |
| 14:00-16:00 | Slide session                                       |                  |

#### Euro-CNS Educational Events:

European Examination in Neuropathology, 10-11 December 2019, London, UK  
European Basic Course in Neuropathology, 17-20 March 2020, Aachen, Germany  
Pre-Congress Course 'Tumours of the CNS', 1-3 June 2020, Odense, Denmark  
European Congress of Neuropathology, 3-6 June 2020, Odense Denmark
