Neuropathology. Neurogenetics 2019

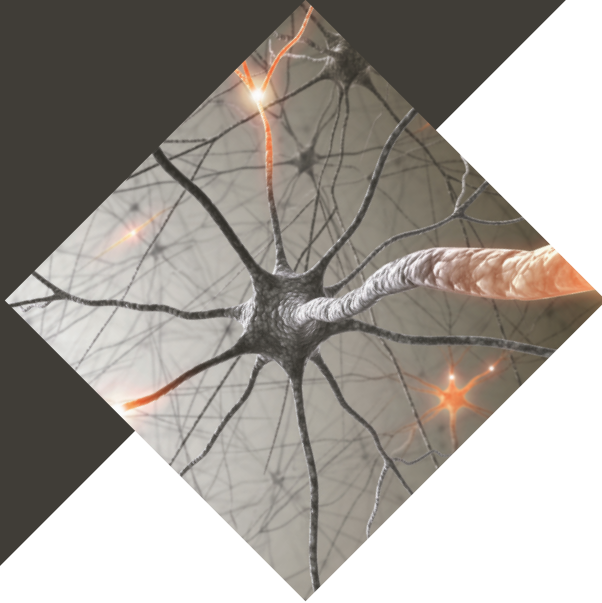

Warsaw, November 15th, 2019

Invitation

Dear Colleagues,
on behalf of the Organizing Committee of the “Neuropathology. Neurogenetics 2019” scientific conference, which is taking place on November 15th, 2019 in the Mossakowski Medical Research Center at the Polish Academy of Sciences in Warsaw, we would like to invite you to participate in this event.

The aim of the conference is the comprehensive presentation of molecular research and the role of neuropathology in the aspect of contemporary diagnosis of nervous system diseases, with particular focus on neoplastic, neurodegenerative and demyelinating processes as well as neuromuscular disorders. Neurogenetics is a dynamically developing field of study that involves researching the molecular basis of pathological processes within the nervous system and isolating genetically determined diseases. The possibilities emerging from the application of more accurate diagnostic tests allow the identification of new, often very rare disease entities, yet at the same time they bring along difficulties with the interpretation of results. The conference is addressed to neuropathologists, geneticists, neurologists and pathologists as well as molecular biologists, psychiatrists and pediatricians.

Leading topics

- ◆ Importance of histopathological and molecular analysis in today's diagnostics and treatment of neoplastic processes in the nervous system
- ◆ Role of genetic and neuropathological examination in diagnosing neurodegenerative processes
- ◆ Neurogenetics of demyelinating processes
- ◆ Usability of molecular examination in muscle disease diagnosis

Information

Date:

November 15th, 2019

Venue:

Mossakowski Medical Research Center
Polish Academy of Sciences Large Conference
Room (1st floor)
ul. Pawińskiego 5, 02-106 Warsaw

Scientific chair:

Prof. Ewa Matyja

Chair of the Neurooncology Team of the Committee on Neurological Sciences, Head of Department of Experimental and Clinical Neuropathology at Mossakowski Medical Research Center, Polish Academy of Sciences

Members of the Organizational Committee:

Prof. Ewa Matyja

Prof. Ewa Łzycka-Świeszewska

Prof. Teresa Wierzba-Bobrowicz

Wiesława Grajkowska, MD, PhD (professor at IPCZD)

Maria Łastowska, MD, PhD (professor at IPCZD, IMDiK PAN)

Dorota Dziewulska, MD, PhD Aleksandra Sejda, MD, PhD

Milena Laure-Kamionowska, MD, PhD

Organizers:

Association of Polish Neuropathologists

Neurooncology Team of the Committee on Neurological Sciences,

Department of Neuropathology at Mossakowski Medical Research Center,

Polish Academy of Sciences

Fee:

Participation: 150 PLN

The fee includes:

- ◆ lectures,
- ◆ poster session,
- ◆ printed conference program,
- ◆ certificate of attendance,
- ◆ medical exhibition,
- ◆ refreshment breaks,
- ◆ lunch

In order to participate in the Conference:

- ◆ complete the registration form on www.neuropath2019.pl
- ◆ make payment to the organizer's bank account

Bank account number: 62 1050 1520 1000 0092 0221 9961

Transfer title: Neuropath2019, your full name

Bank transfer details: Alfakonferencje S.C., ul. Wiosenna 15,
60-185 Skórzewo

* the VAT invoice will be issued and sent to you by e-mail within 14 days of the payment

Abstracts

On behalf of the Scientific Committee of the "Neuropathology. Neurogenetics 2019" conference, we would like to encourage you to take part in this event and submit your conference papers.
